

NUMBERING, PERFORATING, AND SCORING

W100-L Lube and Clean

Item ID: W100-L

NEW

- Clean and lubricate the numbering heads in one easy step: Simply brush on and wipe away the excess ink. Don't wait until your machine becomes clogged; use it after each job to ensure crisp clean numbering and extend the life of your numbering head.
- Good for use on Lassco Wizer numbering machines along with Count Machinery, Graphic Wizard and all other brands of metal numbering machines.
- Lassco Wizer Lube and Clean is sold in one quart containers.
